## Parts Checklist

Please count and check every component very carefully before you begin

① Main Cabinet x 1

## Fittings Checklist

Please count and check every component very carefully before you begin

Ⓐ Wall fixing x 2

Ⓑ Short Screw x 2

	To hang your Key Cabinet correctly use the paper template. The distance between the two holes is 350mm. When tightening screws make sure they are close to the wall so the Key Cabinet is tight to the wall when hung on keyhole plates.

Ⓒ paper template x 1

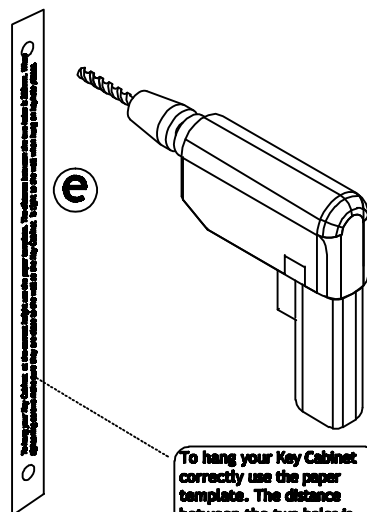

**Cross head Screwdriver also required for assembly**

## How To Hang Your Key Cabinet

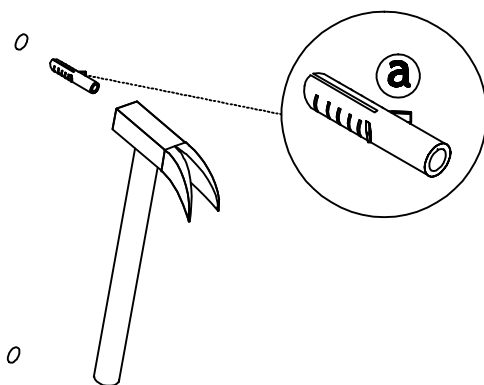

Please follow these instructions carefully

Fittings are supplied to fix your Key Cabinet to the wall. However different wall types require different fittings (so a different fitting to the type provided may need to be purchased to suit your wall) . If you are unsure of the correct fitting please contact your local specialised hardware store for advice and to purchase the correct fitting. The correct distance between the two hanging brackets is 358mm.

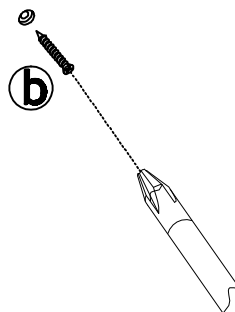

To hang your Key Cabinet correctly use the paper template. The distance between the two holes is 358mm. When tightening screws make sure they are close to the wall so the Key Cabinet is tight to the wall when hung on keyhole plates.
