How To Assemble Your Cabinet

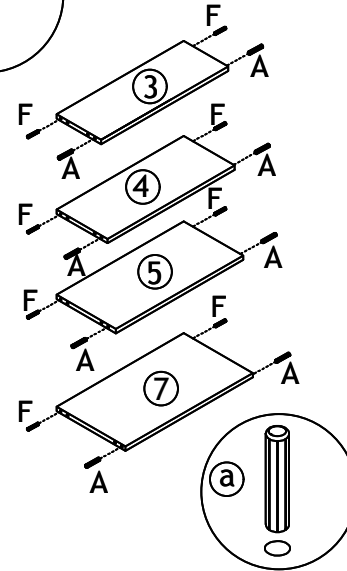

Please follow these instructions carefully

To prevent scratching: Lay the parts face down on a clean, flat, soft surface.

The dowels used are different sizes. Make sure they go into the correct holes.

2.

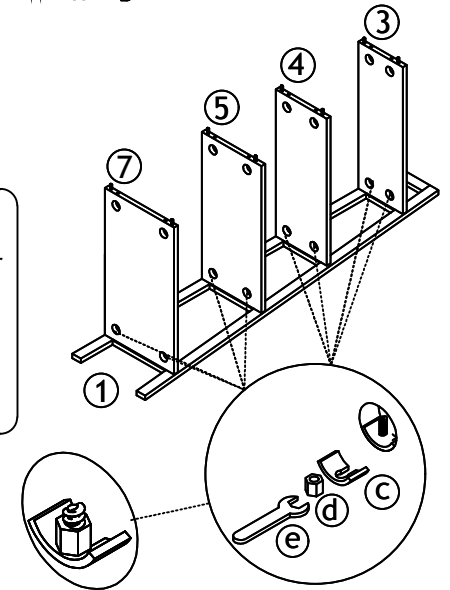

FUTON

C O M P A N Y

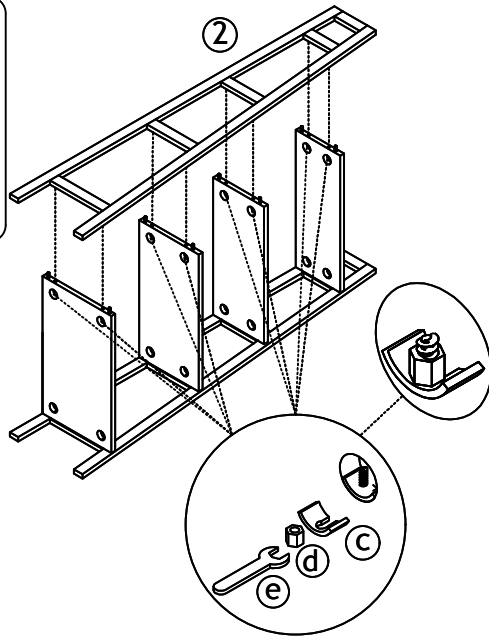

To ensure correct orientation for shelves, the dowels must match up to correct size hole on sides.

3.

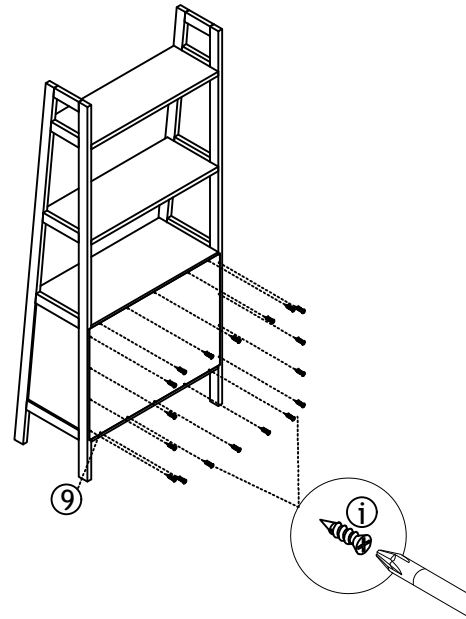

To ensure correct orientation for shelves, the dowels must match up to correct size hole on sides.

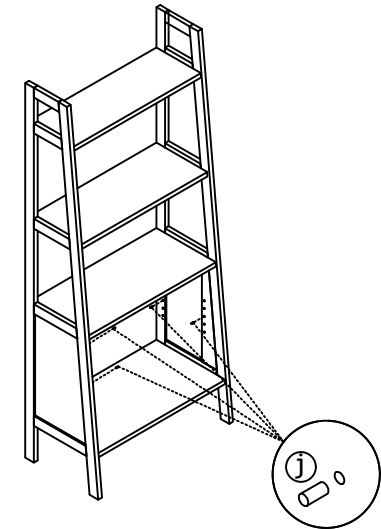

4.

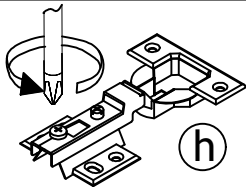

5.

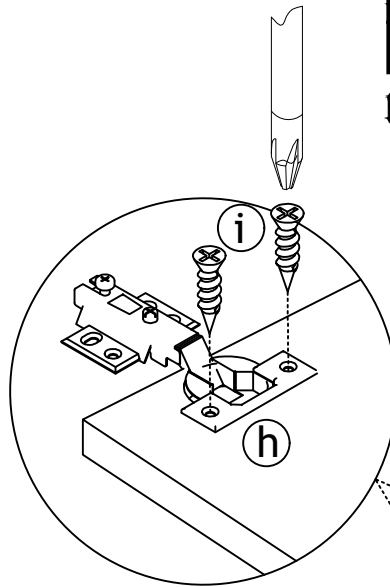

6.

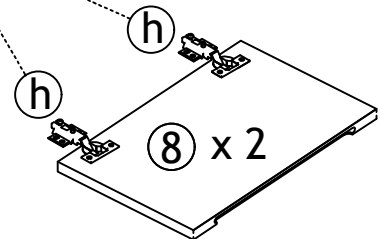

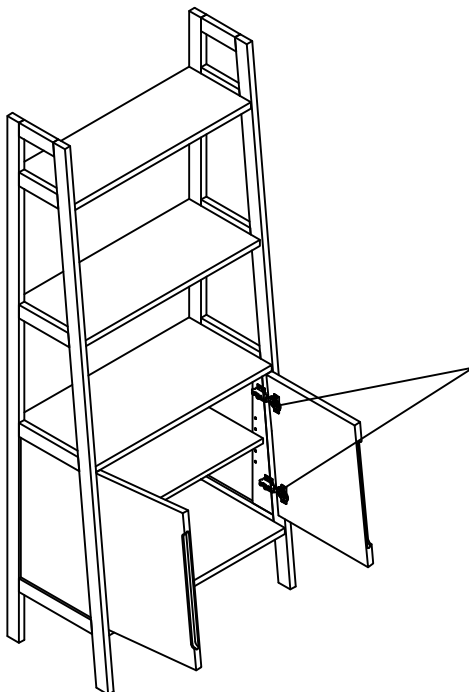

Door hinges are packed assembled, but need to be loosened before they are mounted to the door. This is to make it easier to fix the hinges to inside of cabinet.

Repeat this step for both doors.

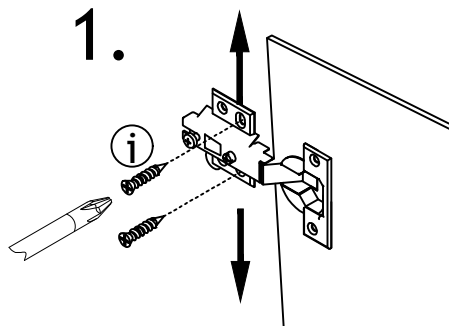

7.

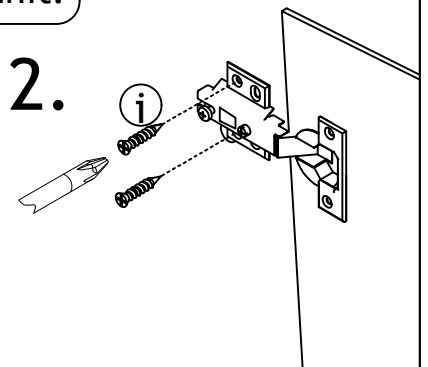

Fix these screws first when attaching doors to cabinet unit.

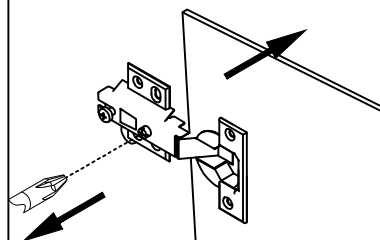

1.

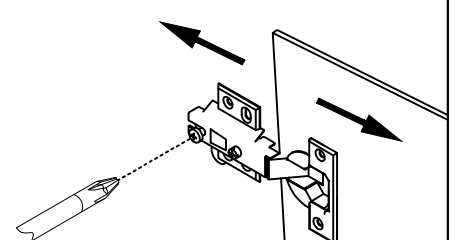

2.

The door can be adjusted right or left by this screw.

The door can be adjusted front or back by this screw.

8.

How To Use
